

Math 280 Logistics: Quick Summary

Graph Theory

- Webpages for this course
 - Moodle page: Videos
 - Gradescope: to submit Homework
 - Main website (no login required): Everything else (Homework assignments, handouts, office hours information, etc.)
- The first few days
 - Do HW 0 immediately (set up gradescope, read syllabus, etc.)
Due by 11:59pm THURSDAY (Sep 3) on Gradescope.
 - Do HW 1 (a real HW). Due by 11:59pm MONDAY (Sep 7) on Gradescope
Start working on it ASAP!
 - Attend class (required) and visit my office hours (optional: SMUD 406)
- An average week
 - Attend class 2x. **Be reliable and on time**
 - One problem set, usually due by 11:59pm Wednesday on Gradescope
 - My office hours: Mon, 1:45–3:15pm; Tue, 1:45–3:15pm; Fri, 1:00–2:00pm; or by appointment
 - Drop in hours for help from our Math Fellow (evenings): schedule TBA
- Textbook Harris, Hirst, and Mossinghoff, *Combinatorics and Graph Theory*, 2nd ed., (Springer, 2008).
- Midterm Exams In class, closed book:

Thursday, October 8

and

Thursday, November 12
- Final Exam 3 hours, during exam period; date/time TBA
- Be a good person
 - **Don't cheat.**
Not on the homework, not on the midterms, not on the final, not ever.
 - **Respect your fellow students and their ideas.**
Both in and out of the classroom.
